President
The Home News Band Festival
and Band Director
J.F. Kennedy Memorial High School

John V. Donnelly
Festival Director
and Promotion Manager
The Home News

To Our Audience:

Back in 1965, with the guiding help of several area high school band directors, The Home News organized and sponsored Central New Jersey's first High School Band Festival.

Ten high schools participated that first year and the students' musical ability and marching routines were warmly received by a capacity audience.

The net proceeds of that first year's Festival were returned to the participating high schools and amounted to \$477.75. Last year's net proceeds returned to 30 participating high schools, amounted to \$5,731.87.

For the entire seven years preceding the 1972 performances the participating schools have received a total of \$21,705.30 for use by their music departments.

This kind of support over the years by you, the audience, is a tribute to your interest. The students and the schools involved sincerely thank you.

The Festival gives the students and their dedicated band directors the opportunity to present an evening of pure entertainment. The event is wholly non-competitive and designed to foster interest in music and music education in our high schools.

In staging and administering the Festival, the President and the Director have had the assistance of school and public officials, private citizens and band directors. This show is the result of their work. It belongs to the youngsters and it is yours to enjoy.

The Home News is proud of the part it plays each year in this project and thanks the schools, individuals, educators for their help and advice and you for your attendance.

James L. Guter
